

# Woodwalton Fen Audio Trail

The Woodwalton Fen audio trail is narrated by Alan Bowley (Senior Reserves Manager for Natural England) and Rebecca O’Driscoll (Reserves Assistant for Natural England). Download each of the audio tracks from the Great Fen website, take this map with you and play each audio track when you reach each numbered point on the map. The trail starts just over the bridge at the interpretation hut. Follow way marked discs for the bungalow trail until you reach the Rothschild bungalow, then follow way marked discs for the Great Fen View Trail. This will take you back around to your starting point.
